Guests can kill the time by browsing through a selection of more than 7,000 magazines and newspapers available to patrons at the scan of a QR code using their phones. Additionally, unlimited Wi-Fi, guest computers and printing facilities make it very easy for one to catch up on work and answer last-minute emails.

The complimentary food, including local snacks, and beverages constitute another perk that elevates the airport experience. Guests can help themselves from the buffet-style stations offering a selection of sweet and savoury items as well as to premium alcoholic beverages from the open bar.

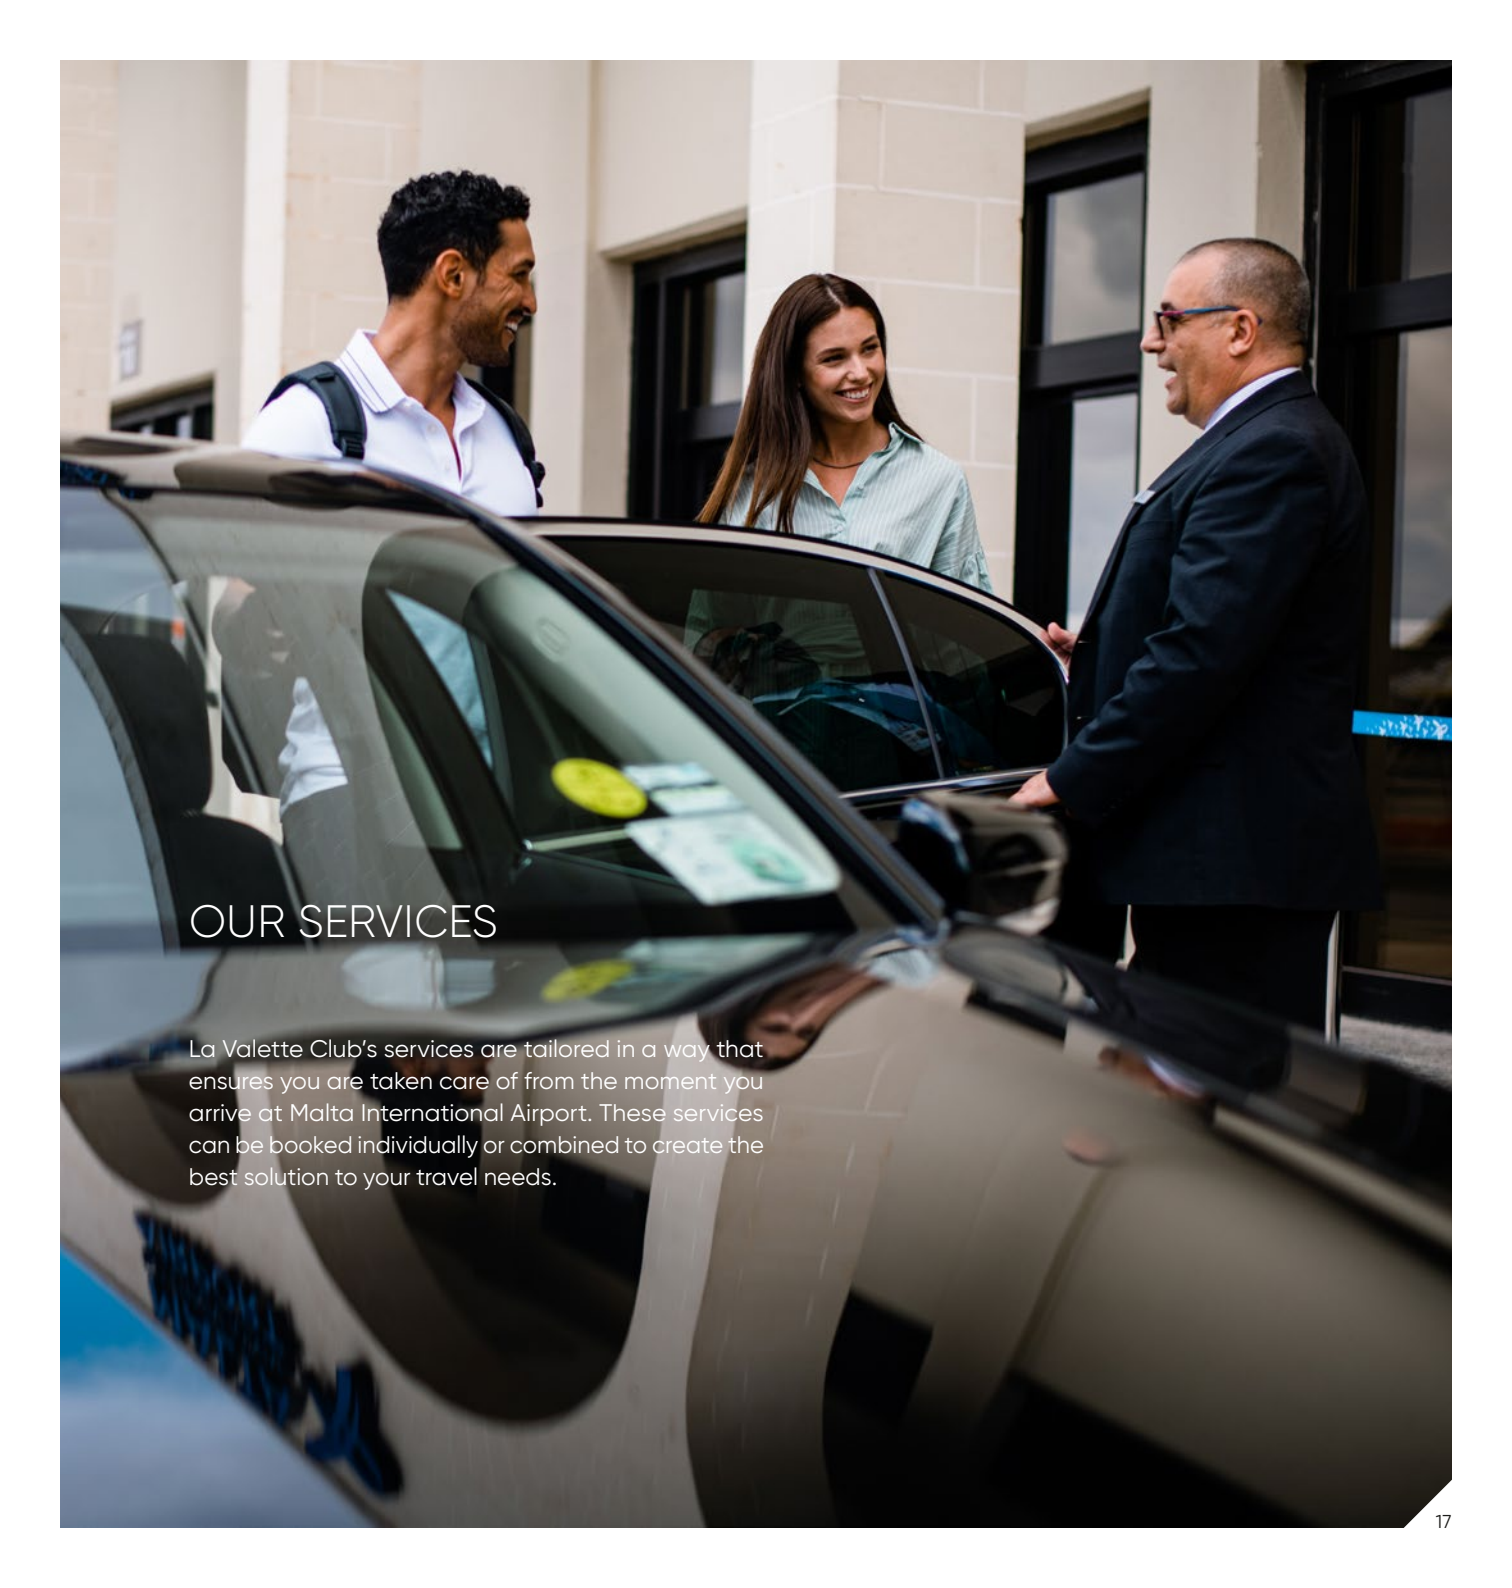

In an effort to operate in a more environmentally sustainable manner, an RO system has been introduced at the La Valette lounge, encouraging patrons to carry and fill up a reusable water bottle.
